

ICE CROSS RULES

1. Check that your equipment works properly and is set up right.
2. Go in and out to the track only through marked areas.
3. Pick the right part of the track for your skill level. Get to know the track in advance.
4. Pass other track users at safe distance. Person coming from up and behind will always yield. Take particular consideration for small children.
5. Only stop at a place where you can be noticed.
6. Pace yourself according to your skill level. Take notice on the track and weather conditions.
7. Using the track is only allowed in equipment intended for that.
8. Skating on the track is always on one's own responsibility.
9. Using the track intoxicated is strictly forbidden.
10. Everyone has the obligation to help if an accident occurs. Notify the personnel about the accident immediately.

Always follow the signposts and personnel guidance. The personnel have the right and obligation to seize the entrance from a person who doesn't follow the rules and regulations.
